

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

The Best Romantic Meeting Places

Whether you are meeting someone for the first time or getting together with your current partner, it is nice to select a romantic meeting place if you can. Of course what is romantic for one person may not be for another, but there are some general places that everyone seems to enjoy.

One of the most romantic places to meet would be near the water somewhere. Meeting at a beach, by a lake or near a river gives a certain sense of peace and serenity. Romance tends to be nurtured by peaceful and serene places. If you are nowhere near water, maybe you could meet at a beautiful park somewhere with many trees and flower gardens and maybe even a fountain. Again, there is something about meeting in nature that stimulates feelings of love on a primitive level.

If you are not the outdoors type of couple, maybe you could meet at a coffee shop somewhere. Coffee shops tend to have nice atmospheres and stimulate good conversation together over a cup of coffee or tea. The warmth of a hot beverage combined with a comfortable place to sit and good company is a fine blend!

If you are meeting at a mealtime, perhaps it should be a brunch or supper date and you should meet at the restaurant of your choice. Chinese restaurants are very popular meeting places it seems, as many people enjoy this kind of food. Also, a lot of Chinese food is finger food, which adds to the romance. There

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.

Research carried out by Nielsen Monitor-Plus found that such firms in the US, in particular online dating sites, spent \$127.3 million advertising online in 2006. This is up from \$88.9 million spent the previous year and the second highest area of investment for dating services. Of the 12 dating services firms advertising online, seven companies were "almost exclusively using the internet for advertising", the report found.

The top ten dating services firms accounted for 96 per cent of the total advertising spend for the industry, some \$290 million of \$302 million.
