

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

## Making a Romantic Breakfast

One of the best ways to impress your loved one is to prepare them a romantic breakfast! There is nothing like the aroma of fresh brewed coffee, toast and bacon and eggs first thing in the morning being prepared by the one you love. Making breakfast for your partner is an extremely romantic gesture that will make a great impression!

So what makes a good breakfast? Well, coffee is a must or tea if that is what is preferred. If you go with coffee, keep in mind that fresh ground coffee beans make the best and freshest tasting coffee. Coffee grinders are very inexpensive now and if you don't have one, you should get one. Also, coffee that is kept in the freezer stays freshest longer. These are just a couple tips on how to make the best coffee!

Some people like juice with breakfast. If you are buying orange juice, try to get one that tastes the closest to fresh squeezed orange juice. There is no need to squeeze fresh juice when there is a store bought one that tastes just as good. Apple juice or grapefruit juice are also favorites. If you want to really be fancy, you can always combine champagne and orange juice together and serve it in a wineglass with a wedge of orange as a garnish. This always looks amazing!

With respect to the hot breakfast, bacon, eggs and hash browns are the best! Cook the eggs in the preferred style and smoked bacon tastes the best. Try to get lean bacon if possible. Some people like turkey bacon or ham style bacon. If sausages were served instead, I would suggest boiling them first and then frying them, unless they are already cooked and

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.

## Online Advertising for Dating Services

Companies offering dating services are investing increasing amounts in advertising, according to a new study, with online advertising seeing particular growth.

Research carried out by Nielsen Monitor-Plus found that such firms in the US, in particular online dating sites, spent \$127.3 million advertising online in 2006. This is up from \$88.9 million spent the previous year and the second highest area of investment for dating services. Of the 12 dating services firms advertising online, seven companies were "almost exclusively using the internet for advertising", the report found.

The top ten dating services firms accounted for 96 per cent of the total advertising spend for the industry, some \$290 million of \$302 million.

It only makes sense to advertise your Dating Site online and it's even more important if your site is new in the industry.

just need to be heated. Ham is also another favorite. When cooking the hash browns, add diced onion and cook it first then add the potatoes. If you fry it in a little butter the flavor is great!

Make the toast last as it takes only a few minutes. Use either butter or olive oil margarine on the toast before adding jam. Freezer jam is always the best if you have some. Some store bought jams are good too, as they can taste almost like homemade. Peanut butter, honey or marmalade is also good options for the toast. You may even decide to toast a bagel or English muffin in place of regular toast.

Make the breakfast table look special with a fresh flower or two in the center of the table. If you don't have store bought flowers you may want to go outside and pick some natural flowers and make them the centerpiece for your table. It does not take much to make the table look very romantic and artistic.

When the food is on the plate, use a twisted orange slice as a garnish and maybe some grapes here and there. Small details like this can make the presentation into something special and very attractive looking. Just be creative and express yourself, and put love into the preparation of this romantic breakfast. You will be

Dating or courtship is the process of choosing and attracting a mate for companionship, sex, marriage and/or sexual reproduction. It is also the pre-arranged meeting (exclusive) of two people with mutual interest in one another to communicate with and to comprehend through shared participation in social activities. According to western tradition, a date is an occasion when one socializes with a potential lover or spouse for the purpose of being deeply acquainted with each other as also to come to an understanding whether they wish to have a purposeful relationship.

Though dating was generally sponsored through friends or relatives, the Second World War diminished such opportunities to a great extent, giving rise to commercial dating agencies. Newspapers and magazine ads contributed to the cause too. However, post-Internet days have brought a sea change in dating and mate-finding anonymously. Online dating services today provide unlimited dating extravaganza on the monitor without any commitment tagged to it. Ladies and men can now tap the online resources with the click of a mouse and carry on love duels without disclosing identity. Though this online intimacy can be instantly arousing, yet its pitfalls are of concern since none of the parties can ever guess an inch of the other's inner life or face read either of them. However, the world becoming more and more full of 'singles', online dating gives the opportunity to know more and more people and even find a life partner.
