

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

How a Woman Can Stand Out From the Rest

It is rather amazing actually how there are so many women in the world, yet no two women are the same. Every woman has her own personality, physical appearance, mood and attributes and this uniqueness is what makes her stand out from the rest. It is each woman's individuality that makes her shine out from a crowd and attract people.

Men have different perspectives on what makes a woman stand out in a crowd. It all depends on the man you are talking to and what he values most in a woman. For example, many men are attracted to the physical aspects of a woman predominantly, while other men value personality and attitude more. Also, there are men who are attracted to a combination of both physical and non-physical attributes of a woman.

Some of the things that men find attractive in a woman are her face, her laugh and her voice. In addition, men have said that they find women's facial gestures, style and gracefulness attractive. Sometimes, it is how a woman smiles or winks that capture a man's attention. Other times, a woman's physique and secrets, lure a man.

It seems that even though physical attraction is a big part of relationships, a woman can attract a man with her emotional and mental intimacy with him. It is often the inner beauty that compliments the outer beauty of a woman. A woman, who is only pretty on the outside, generally does not have a lasting, meaningful relationship with a man because physical beauty does not last forever. On the other hand, there are many men who are only attracted to outer beauty. It is sad in these cases, as often men leave

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.
