

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

## **Heart, Mind, Body, Spirit & Soul - Yours for the Taking**

Late at night, all alone with only my thoughts to keep me company, I entertain how different parts of me feel for you and how their harmony keeps me grounded.

It is governed by a comp

### **Heart**

My heart knows no bounds. It gives without question or reason of why. It pours forth all that it has, love in unwavering abundance and all only for you. It has no fear, it matters not that it could be hurt, wounded, or devastated by changing events, times, or circumstances - it only knows that its source of life is you and will forever enrich your life so that it might someday be complete. On it's own my heart has the innocence of a new born wanting, needing, and only understanding you - and without comprehension of the world around it.

My heart if left to its own devices would crawl the world in search for you and when it reached your door it would never see an obstacle in its way... it would just take you for eternity.

### **Mind**

My mind conquers and commands through logic and reasoning. It forms conclusions on observations, and moves effortlessly forward but always keeps the weight of conscious understanding on a lead foot with the other ready to change directory. It is a realist, optimist, and pessimist roll into one. As with my heart, my mind loves you yet engages you at many different levels, it can admire you and your

## Online Advertising for Dating Services

Companies offering dating services are investing increasing amounts in advertising, according to a new study, with online advertising seeing particular growth.

Research carried out by Nielsen Monitor-Plus found that such firms in the US, in particular online dating sites, spent \$127.3 million advertising online in 2006. This is up from \$88.9 million spent the previous year and the second highest area of investment for dating services. Of the 12 dating services firms advertising online, seven companies were "almost exclusively using the internet for advertising", the report found.

The top ten dating services firms accounted for 96 per cent of the total advertising spend for the industry, some \$290 million of \$302 million.

It only makes sense to advertise your Dating Site online and it's even more important if your site is new in the industry.

Coopyrite.net (pronounced co-op-e-rite.net) is an advice column to the markets you seek. We provide timely articles on subjects your markets are looking for right now and therefore this is the best opportunity to attract other dating members to your venue.

Please complete the [advert form at the website](#) and we will review your information and return a custom quote.

accomplishments, it can learn from you and teach you at the same time, it can rationalize, comprehend, and understand you as a individual person, as a mom, a daughter, as a business person, friend, lover, and my only love in all the world.

My mind understands that "love" is intertwined with many levels of right and wrong, patience is a virtue, and "time" inspires love to be far more everlasting the longer it takes to be embraced. As with all couples in an adjoined life together the day previous to today we loved each other less, and tomorrow... each other more. The nuance of "space" simply empowers each of us to make choices more clearly.

My mind makes conscious choices while the rest of me acts on instinct.

### Body

My body yearns for the reality of being physical. Caught in a tug-of-war of knowing senses and sensations exist and actually having direct intimacy - to feel and be... it wages a war of conflict - "it must have" touch, smell, taste, line of sight and sound, to complete the feelings it so long desires to fulfill an image of ecstasy.

My body wants what it wants and will stop at nothing to get it. A constant

Dating or courtship is the process of choosing and attracting a mate for companionship, sex, marriage and/or sexual reproduction. It is also the pre-arranged meeting (exclusive) of two people with mutual interest in one another to communicate with and to comprehend through shared participation in social activities. According to western tradition, a date is an occasion when one socializes with a potential lover or spouse for the purpose of being deeply acquainted with each other as also to come to an understanding whether they wish to have a purposeful relationship.

Though dating was generally sponsored through friends or relatives, the Second World War diminished such opportunities to a great extent, giving rise to commercial dating agencies. Newspapers and magazine ads contributed to the cause too. However, post-Internet days have brought a sea change in dating and mate-finding anonymously. Online dating services today provide unlimited dating extravaganza on the monitor without any commitment tagged to it. Ladies and men can now tap the online resources with the click of a mouse and carry on love duels without disclosing identity. Though this online intimacy can be instantly arousing, yet its pitfalls are of concern since none of the parties can ever guess an inch of the other's inner life or face read either of them. However, the world becoming more and more full of 'singles', online dating gives the opportunity to know more and more people and even find a life partner.

companion of my heart yet while my hearts intentions are pure and righteous and uses my mind to follow paths of goodness, my body often chooses to ignore my mind and its reasoning. It is the part of me that is the most dangerous and often the cliché "playing with fire - you get burnt" and "use with caution" come to mind.

### **Spirit**

My spirit is often the hidden force that binds the others together. Ultimately spirit thrives on past "experiences" in love and loss. In part, spirit is the protector using wisdom to guide heart, mind, and body to be united without any one having overpowering influence to do harm to myself or to you.

Spirit is the balancing act, the part of me the allows you to grow from my love without feeling any burden... in contrast to my mind, the attribute that so long to over compensate "and fix matters of the heart" - spirit keeps my mind in check so that no added pressure in felt bearing down onto you.

### **Soul**

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

In heart, mind, body, spirit, and soul... I forever love you... and this I vow to the end of time.

All my love, for all your life.
