

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

Romantic Places

There are several romantic places where couples can go to spend some quality time together. Where a couple goes together depends on their interests and the type of people they are. Some people are outdoors types, while others would rather be inside somewhere, enjoying a glass of wine.

For the couple who like being outdoors, there are endless places to go and enjoy nature. Beaches have always been a romantic place for couples to go for a walk or a picnic. There is something very romantic about being near the water and watching the waves. Just the sound of the beach puts a person in a romantic mood. The sound of the water and birds and maybe even a foghorn in the distance if it is a foggy day, is very sensual. Keep in mind some of the most romantic walks couples can have are on beaches on a cloudy day. The sun does not have to be shining to spend a romantic day at the beach. Dress yourselves warm and start a bonfire on the beach if you can. Roast some hotdogs and marshmallows and enjoy a drink together while listening to the crackling bonfire. Share a warm hug together.

Another very romantic place to go is to a cottage in the country somewhere. If this cottage is near the water, that is even better! There is nothing like a weekend excursion to a cottage with your loved one. Pack your things, plan a menu and jump in the car and go! If the cottage has a fireplace, it is one of the most romantic features for sure. To sit by the fire and have a glass of wine and listen to soft music is extremely romantic. Don't forget to bring your favorite chips and dip too! Snacks are good to munch on while laughing together into the night. Just

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.

This is up from \$88.9 million spent the previous year and the second highest area of investment for dating services. Of the 12 dating services firms advertising online, seven companies were "almost exclusively using the internet for advertising", the report found.

The top ten dating services firms accounted for 96 per cent of the total advertising spend for the industry, some \$290 million of \$302 million.

watching the hot flames of the fireplace flickering in the darkness ignites passion for a couple in love.

Picnics in a park or in the woods are nice too. Being amongst the trees and flowers in the woods is very romantic. Hearing the birds chirping and having the warm sunshine down on you as you walk through the woods together enhances love somehow. There is a certain peace a couple gets by being in nature together. Being in the woods feels so natural and brings out a sort of primitive romance that can be very sexy!

Another romantic place where a couple can go is out on a boat together. Either going out on a sailboat or speedboat is very romantic. There is something that being out on the water together, away from the land that is exciting and fun. In a speedboat the wind blows through your hair and there is a certain feeling of freedom that you feel with the one you love.

Dating or courtship is the process of choosing and attracting a mate for companionship, sex, marriage and/or sexual reproduction. It is also the pre-arranged meeting (exclusive) of two people with mutual interest in one another to communicate with and to comprehend through shared participation in social activities. According to western tradition, a date is an occasion when one socializes with a potential lover or spouse for the purpose of being deeply acquainted with each other as also to come to an understanding whether they wish to have a purposeful relationship.

Though dating was generally sponsored through friends or relatives, the Second World War diminished such opportunities to a great extent, giving rise to commercial dating agencies. Newspapers and magazine ads contributed to the cause too. However, post-Internet days have brought a sea change in dating and mate-finding anonymously. Online dating services today provide unlimited dating extravaganza on the monitor without any commitment tagged to it. Ladies and men can now tap the online resources with the click of a mouse and carry on love duels without disclosing identity. Though this online intimacy can be instantly arousing, yet its pitfalls are of concern since none of the parties can ever guess an inch of the other's inner life or face read either of them. However, the world becoming more and more full of 'singles', online dating gives the opportunity to know more and more people and even find a life partner.
