

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

Romantic Dinner Themes

Often, couples can experience more fun and romance by eating at home, than by eating out at a restaurant. There is so much freedom to be creative when you prepare a meal at home for you and your loved one. Better yet, you can have your own creative theme for your dinner at home together!

The best place to start is to decide what theme you want for your romantic dinner at home. Do you want a beach theme, a nature theme or a Mexican theme? Let's say you want to have a beach theme. A trip to an inexpensive department store is in order for this. There are so many items that you can get for a dollar or two to make your romantic beach theme dinner fun. For instance, you can get some sand and some stones at the store. Usually the sand that you buy at the store comes in different colors, which can be fun. If you have access to real sand, that is even better. Also you can buy or collect bags of stones and bags of shells. With these items you can decorate the dinner table and coffee table. You may even put the sand on a plate and put shells and stones around some pillar candles as a centerpiece. This really sets the mood!

Next, you will want to consider the music. What sorts of music to you associate with the beach? Maybe the Beach Boys music is in order? Another idea is soft music with the sounds of surf in the background with seagulls etc. This would certainly set the atmosphere that you are looking for.

With respect to food, I would suggest fun foods like hotdogs, hamburgers, fries, salads etc.. Summer foods being the theme for the menu. You might want to make up a fresh fruit tray that would include

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.

Online Advertising for Dating Services

Companies offering dating services are investing increasing amounts in advertising, according to a new study, with online advertising seeing particular growth.

Research carried out by Nielsen Monitor-Plus found that such firms in the US, in particular online dating sites, spent \$127.3 million advertising online in 2006. This is up from \$88.9 million spent the previous year and the second highest area of investment for dating services. Of the 12 dating services firms advertising online, seven companies were "almost exclusively using the internet for advertising", the report found.

The top ten dating services firms accounted for 96 per cent of the total advertising spend for the industry, some \$290 million of \$302 million.

It only makes sense to advertise your Dating Site online and it's even more important if your site is new in the industry.

various melon slices, berries and a nice yogurt or whip cream type of dip. Chips and dip and maybe even popcorn would be great snack foods too for the evening. Finger foods in general are fun and suitable for the theme. As far as dessert goes, maybe you will want to make your own sundaes or have ice cream cones. Either of these types of dessert ideas would go over well.

To make things even more fun, you might want to make some frozen alcoholic or non-alcoholic drinks and garnish them with colorful umbrellas, cherries and orange wedges. Think summer and you will know what drinks to make. Maybe fresh squeezed lemonade is a good idea. Don't forget the straws and get lots of ice too!

As a finishing touch, you might want to have coconut scented candles or fragrant oil burning to create a nice fragrance to remind you both of summer. You could even take this further and buy some coconut bath products and message oils to add to the passion of the night together. If you have a bath, put beach towels out for each of you to dry off with, again in theme of summer. Hey, you might even want to sport your bikini and flip flop shoes for a while for fun!

There is no limit to the fun you can

Dating or courtship is the process of choosing and attracting a mate for companionship, sex, marriage and/or sexual reproduction. It is also the pre-arranged meeting (exclusive) of two people with mutual interest in one another to communicate with and to comprehend through shared participation in social activities. According to western tradition, a date is an occasion when one socializes with a potential lover or spouse for the purpose of being deeply acquainted with each other as also to come to an understanding whether they wish to have a purposeful relationship.

Though dating was generally sponsored through friends or relatives, the Second World War diminished such opportunities to a great extent, giving rise to commercial dating agencies. Newspapers and magazine ads contributed to the cause too. However, post-Internet days have brought a sea change in dating and mate-finding anonymously. Online dating services today provide unlimited dating extravaganza on the monitor without any commitment tagged to it. Ladies and men can now tap the online resources with the click of a mouse and carry on love duels without disclosing identity. Though this online intimacy can be instantly arousing, yet its pitfalls are of concern since none of the parties can ever guess an inch of the other's inner life or face read either of them. However, the world becoming more and more full of 'singles', online dating gives the opportunity to know more and more people and even find a life partner.

both have with dinner theme nights. You can even have a theme lunch or breakfast for that matter. Nothing says that you can't be creative at any hour of the day. The more creative and unexpected, the better the time will be together. Be yourselves and have lots of fun!
