

My soul is the part of me I least understand. Somewhat an illusive commodity... but I know this of my soul... "It believes". It believes in me, in you, in us, in the bond that we have embraced, and will continue throughout this life and whatever lies beyond.

My soul longs for something greater, is patient, is kind, not envy, not boastful, not proud, not rude, not self-seeking, not easily angered, keeps no record of wrongs, does not delight in evil, rejoices with the truth, always protects, always trusts, always hopes, always perseveres, never fails, and endures forever everlasting.

I'll forever love you... and this I vow to the end of time. All my love, for all your life.

## Sensuality and Romance

Sensuality enhances romance in so many ways. What we hear, see, feel, smell and touch activates so many powerful responses in people. The sense of smell is often said to be one of the most powerful human senses. A perfume or cologne of a lover for instance can activate an instance emotional or mental response associated with a certain time, place and person.

Hearing certain sounds or music will also trigger memories that we associate something with. A love song may be playing on the radio which reminds you of someone or something instantly. Sometimes we have no control of how quickly our senses respond to certain stimuli. Sensuality is very powerful.

A touch can really trigger memories too. Have you ever touched a fabric and suddenly you think of something that you associate it with? Maybe someone has kissed you passionately and you can't forget it. Sometimes it is the memories of a touch that brings us back to the person.

Feeling and touching are very sensual. Passion goes through the roof if a couple is strongly attracted to the way each other feels or touches. The human touch communicates so much even without words being said. Listen to what your lover's touch says to you, next time you are together. A person can be speechless, but their hands can have lots to say.

To truly experience the passion of romance, a person needs to be in tune with their senses and the senses of their lover. It is amazing how heated a relationship can get when both partners are in tune with each

Courtship is the process of selecting and attracting a mate.

It is governed by a complex set of unwritten rules that are loosely defined as etiquette. Such rules dictate where, when, with whom and in what manner we all attract the opposite sex. We generally obey these unofficial rules by instinct but we also only become aware of the rules when someone commits a breach of them.

Dating or courtship is the process of choosing and attracting a mate for companionship, sex, marriage and/or sexual reproduction. It is also the pre-arranged meeting (exclusive) of two people with mutual interest in one another to communicate with and to comprehend through shared participation in social activities. According to western tradition, a date is an occasion when one socializes with a potential lover or spouse for the purpose of being deeply acquainted with each other as also to come to an understanding whether they wish to have a purposeful relationship.

Though dating was generally sponsored through friends or relatives, the Second World War diminished such opportunities to a great extent, giving rise to commercial dating agencies. Newspapers and magazine ads contributed to the cause too. However, post-Internet days have brought a sea change in dating and mate-finding anonymously. Online dating services today provide unlimited dating extravaganza on the monitor without any commitment tagged to it. Ladies and men can now tap the online resources with the click of a mouse and carry on love duels without disclosing identity. Though this online intimacy can be instantly arousing, yet its pitfalls are of concern since none of the parties can ever guess an inch of the other's inner life or face read either of them. However, the world becoming more and more full of 'singles', online dating gives the opportunity to know more and more people and even find a life partner.
